Belize Fisheries Department
Bid of Tender
Construction of Fisheries Docking Pier

Project Programme ID: TI-19-01

Project Description: Construction of a 100 ft x 8 ft docking pier at the Belize Fisheries Department compound in Belize city. The project also calls for the construction of a shed (25' x 8') at the end of the pier as well as loading and unloading platform to be included for easy access to load and unload cargo from vessels on both sides. In addition, lighting along the pier and on the shed is to be included. This project is being funded in partnership between the Government of Belize and the Protected Areas Conservation Trust (PACT) under the project entitled "*Improving the management of Marine Reserve Network*".
